THE HON. SRI P. KAKKAN : (*a*) & (*b*) Yes, Sir. The Government appointed in 1958 a High Power Technical Committee to draw up a comprehensive scheme for the development of the Cooum as a clean and tidal river and also to examine the technical feasibility and the financial implications of developing the Buckingham Canal so as to augment the cheap transport facilities in Madras City. The Committee has submitted plans and estimates amounting to Rs. 120 lakhs for the purpose. The Committee has observed that if the schemes formulated by it are implemented it will permit the plying of passenger and cargo boats from one part of the city to the other thus relieving traffic congestion in the nearby arterial highways. The report is under the consideration of the Government.
